How the Great Masters painted

Learn to paint like history's famous artists with Nick Logan

Leonardo da Vinci, Titian, Caravaggio, Vermeer, Monet, Degas, Vincent van Gogh... every painter admires their skill and wants to paint like them. Now you can!

Nick Logan will, in the course of 12 weeks, explain the materials and demonstrate the techniques used by a selection of Great Masters. In blocks of a few weeks, using oils and canvas, you will follow the processes used by the Great Masters. You will learn how they produced their most famous works and do your own paintings in their styles.

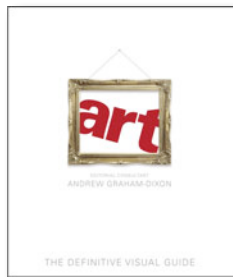

About the tutor

Nick Logan studied Drawing and Painting at Glasgow School of Art graduating in 2003 with a sell-out degree show. As a full-time professional artist, Nick has exhibited widely throughout the UK, including solo shows in the centres of London and Edinburgh. His work is, almost exclusively, oil paint based.
